SR-39 (BEACH BOULEVARD), BETWEEN LINCOLN AVENUE AND ACACIA AVENUE, RUBBERIZED ASPHALT OVERLAY PROJECT TO BEGIN AUGUST 6, 2012

Irvine— The California Department of Transportation (Caltrans) will be commencing a project on Monday, August 6, 2012 to perform work on a four-mile stretch of SR-39, Beach Boulevard, in the City of Anaheim, Stanton and Garden Grove. The project limits are between Lincoln Avenue and Acacia Avenue.

The project has an anticipated completion date of late October 2012.

Work to be performed as follows:

Garden Grove - (Acacia to Park Plaza) - Monday through Friday, 9:00 a.m. to 3:00 p.m.
Stanton - (Park Plaza to Starr St) - Sunday through Thursday, 10 p.m. to 5:00 a.m.
Anaheim - (Starr St to Lincoln Ave) - Monday through Friday, 9:00 a.m. to 3:00 p.m.

Caltrans will provide any necessary updates to this schedule in advance.

This project is to overlay existing pavement with rubberized hot mix asphalt (RHMA), adjust utility manholes, install loop detectors and apply new pavement delineation in both directions.

Two lanes in each direction of Beach Boulevard will be closed. Leaving two lanes open to traffic at all times, both Northbound and Southbound. These closures would have major impact on local community commute, residences, businesses and emergency responders.

Changeable message signs will be posted. Motorists are asked to be please patient during this construction period.

For more information on this project, you may contact the District 12 Public Information Office at (949) 724-2000 or log on to the Caltrans website at www.dot.ca.gov/dist12.

Disclaimer: Due to unforeseen operational factors or inclement weather, these times and dates may change.

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
